

Press Release
Talbot County Board of Education
Superintendent Search Process
August 6, 2025

Superintendent Search Underway

Dr. Jack Catrett, Superintendent of Talbot County Schools, will be retiring November of this school year. Dr. Catrett has had a 40 plus year Educational Career, and has served as the Talbot County Superintendent for the past 13 years. The search for the next Superintendent of Talbot County Schools is underway.

The Talbot County Board has hired Helms & McCorkle, Superintendent Consultants, to assist the Board with the search for the new Superintendent. The Board is advertising the vacancy across Georgia by posting notices with the Georgia School Superintendents Association (GSSA), Teach Georgia, and Regional Educational Service Agencies (RESAs) across the state. These postings and mailings are typically monitored by aspiring superintendents both within the state and across the southeast. The Board anticipates receiving a number of well qualified applicants for the position that will lead the Talbot County School System.

An application deadline date of August 29, 2025 has been established by the Board. The Board anticipates reviewing applications and interviewing the most qualified candidates in the middle of September. A tentative timeline has been set for the search process. It is anticipated that the Board will name Talbot's next Superintendent of Schools in early November of this year.

The Board is proud of the achievements made by the educators and students of Talbot County Schools. It is the Board's desire that a new Superintendent can build on the system's strengths and move the School District to even higher levels of student achievement.
